

4th ANNUAL CONFERENCE

of the International Investigative Interviewing Research Group

Research and specialist interviews

1 - 3 June 2011, University of Abertay, Dundee, Scotland

This conference will be of interest to all professionals involved in investigative interviewing of suspects, witnesses or victims, those involved in interview training and policy, interview decision-making processes, detecting deception, and forensic linguistics.

Confirmed keynote speakers

Professor Ronald P Fisher, Department of Psychology, Florida International University, USA

Saul Kassin, Distinguished Professor of Psychology, John Jay College of Criminal Justice, New York, USA

Masterclass

Professor Amina Memon, Department of Psychology, Royal Holloway College, University of London.

Masterclass on Cognitive Interviewing

30 - 31 May 2011

This masterclass will review current developments within the field of cognitive interviewing. The focus will be a modified version of the cognitive interview which is in line with PEACE (Planning and Preparation, Engage and Explain, Account, Closure and Evaluation) and a structure for training. The course will be of particular interest to those with basic knowledge who wish to develop specialist skills.

Places are limited, so book early to avoid disappointment
